- Place red onion in a small bowl. Add lime juice, stir to combine, and let sit for 15 minutes. This step is called macerating, or softening, to allow the onion to soak in the acid from the lime juice and thereby temper its harshness.
- While onion and lime juice macerate, in a medium-sized bowl, combine the tomatoes, scallions, cilantro, pumpkin seeds, olive oil, salt, and pepper. Stir.
- Add in the macerated onions, stir, and enjoy!
- Note: This salsa can be kept covered in the fridge safely for 3-4 days.

- Coloque la cebolla roja en un tazón pequeño. Agregue el jugo de limón, revuelva para combinar y deje reposar durante 15 minutos. Este paso se llama maceración, o ablandamiento, para permitir que la cebolla absorba el ácido del jugo de limón y, por lo tanto, modere su dureza.
- Mientras la cebolla y el jugo de limón maceran, en un tazón mediano, combinan los tomates, las cebolletas, el cilantro, las semillas de calabaza, el aceite de oliva, la sal y la pimienta. Remover.
- Agregue las cebollas maceradas, revuelva y disfrute.
- Nota: Esta salsa se puede mantener cubierta en la nevera de forma segura durante 3-4 días.

- Coloque a cebola roxa em uma tigela pequena. Adicione o suco de limão, mexa para combinar e deixe descansar por 15 minutos. Essa etapa é chamada de maceração, ou amolecimento, para permitir que a cebola mergulhe no ácido do suco de limão e, assim, tempere sua aspereza.
- Enquanto a cebola e o suco de limão maceram, em uma tigela de tamanho médio, misture os tomates, cebolinha, coentro, sementes de abóbora, azeite, sal e pimenta. Mexer.
- Adicione as cebolas maceradas, mexa e aproveite!
- Nota: Esta salsa pode ser mantida coberta na geladeira com segurança por 3-4 dias.
